

THE SHRI RAM UNIVERSAL SCHOOL

The most ideal route for the students to find their inclinations and abilities is by attempting a variety of things. At The Shri Ram Universal School, the teachers help the students to understand their potential, help them in building up a rundown of interests that covers an expansive range of physical, scholarly, and innovative exercises.

ABOUT

Academic year commences in 2020-21
Igniting Curiosity

Director

Best of both world's OF EDUCATION

"Teachers at The Shri Ram Universal School are sufficiently empowered to create the right learning environment in classrooms, mentor and nurture students, become role models, develop mental and emotional acumen, impart the CBSE curriculum through the use of innovative tools and techniques," the Principal Ms. Mangala Madhavan elaborates

MANGALA MADHAVAN
Principal

Mr. Nageshwar P B, the Director of The Shri Ram Universal School, Chennai believes that for a holistic life, schools are the soul of human upbringing and therefore, developing a school was quite important in making SPR City a truly integrated township. "I understand that education forms the essence of who we are. And by education, I do not mean books, but also what life teaches you through friends, teachers, environment, families, sports, games, religion and culture. In my experience of travelling to various cities and countries, I feel there is nothing supreme to Indian values and culture," says the Director.

Right from identifying the brand to hiring of people who will form the pillars of the school, they are ensuring that Indian ethos is followed to the core. "While the West has a lot to offer on development, India has a rich culture, heritage and values. We will use a healthy combination of the best of both worlds to nurture a child. We expect our team to guide students to become citizens who will have the freedom to follow their passion, grit to become successful and yet possess grace and gratitude towards fellow human beings," says the Principal.

Located in SPR City, the school is nestled amidst open greenery and world-class residences providing a serene and conducive environment for learning. The Shri Ram Universal School believes in the individuality and unique identity of each child and the entire curriculum is woven around the child, to make the learning process challenging and enjoyable.

TEACHING METHODOLOGY

The teaching methodology is a diverse mix of the most recent innovations in education and is based on the

Representative Image

latest findings in tutoring research. A single method cannot suit everyone. Therefore, the teachers select the best combination of various approaches according to the learning styles and needs of their students. Shri Shikshaks or Shri Educators act as facilitators and guide the students in their learning using activities, audio-visual stimuli, projects and presentations. The focus remains on providing students with hands-on learning experiences that they can apply to real-life situations.

SHRI DIFFERENTIATORS

At The Shri Ram Universal School, the teaching learning process is designed to ensure that the focus is on the "what" and "how" of learning. With the belief and conviction that experiential learning results in creating lifelong learners, the methodology and best practices at school include specially designed and well acclaimed programmes such as the following:

- Choice Time Activities includes the children moving about different activity corners and indulging their curiosity in the discovery spaces provided.
- Circle Time is a single or double period per week wherein the Class Teacher uses this time to bond and connect with her students.
- Wonder Time is an activity that

develops one of the most important skills a child would need through his/her learning years, and that is Observation.

▶ Show 'n' Tell in the Elementary and Lower Primary grades is a teaching and learning strategy used to develop language, confidence and presentation skills in early learners.

▶ DEAR (Drop Everything and Read) is a reading programme that has 15 minutes slotted in the time table from Kindergarten to Grade VI.

▶ DEED (Debate, Extempore, Elocution and Drama) are 4 periods a month slotted in the time table for all grades.

▶ Research and Referral provides the children with an opportunity to develop their inquiring minds and methods of observation, data gathering, experimentation and presentation.

▶ EQUBE, the Life Education Programme that focuses on reflection and self-empowerment, works with the children to enable them to carve out a vision for themselves and their lives.

▶ Writer's Workshop is a method of teaching children to write that encourages them to write original and personally meaningful pieces.

▶ The Shri Reading Programme is a graded comprehensive reading programme from Nursery to Grade VI which aims at developing effective readers not by chance but by design.

▶ Jig Saw Learning is a cooperative learning strategy that is used to optimize learning, it enables children to learn according to their individual learning styles and pace.

MIND OVER MATTER

Shri Sparsh is the learning and student counselling programme with the objective to nurture self-esteem, develop children's social skills and build a social circle. The school is committed to children with special needs and aims to instill qualities of empathy, sensitivity, cooperation and compassion towards everyone.

COMMUNITY SERVICE

It is a programme which involves all Shriites in community services related projects. This programme engages students with real life problems and solutions to strengthen communities through their service and to acquire life skills and knowledge with values like sensitivity, humility and responsibility.

SAVE EARTH

Shri Paryavaran is the student signature programme in which all Shriites are involved in activities related to saving the environment. The prime objective is environmental awareness getting students energized about protection of environment and conservation of resources.
